---

Chris,  
Just FYI. I will be out tomorrow and day after.  
Thanks

Akhter

Thanks Mike. I thought you were sampling for those constituents.

Akhter and I can review the data when you send it and then we can all discuss what makes sense for the next phase of work.

Thanks Chris,

We do have the pesticide, herbicide and pcb data from beneath buildings B, D and J and will include that data in our response letter. The data didn't show much as you will see, so perhaps submitting this data will allow us to not collect the same data for confirmation. We can discuss once you've got the data in hand.

Mike

**Subject:** revised draft comment letter

Attached is a revised draft IRM work plan comment letter. Comments 7 and 12 have been modified. The letter is currently in internal EPA concurrence and should go out tomorrow as final.
